

St. Joseph School

Entering 2nd Grade

Below is a list of skills from which a student may choose to work. Time should be spent wisely and you should focus on skills from the list that challenge you. Please also vary the skills you practice. **Please note that a 100 Smart Score is NOT required or even recommended.** Only the amount of time spent working in IXL will be assessed.

IXL does make changes to their skills periodically throughout the summer. While we are basing this list off the current IXL skill list, we are also “starring” each recommended skill online. This will allow students to know which skills they should focus on even if the list is not nearby or IXL changes the name or number of the skill during the summer.

Following are the requirements for this summer:

Grade Level	Based on 10 Weeks	Total Minutes Required
1st Grade (2017-2018)	10 Minutes Per Week	Total 1 Hour 40 Minutes

Recommended Skills List

- A.8 Counting tens and ones up to 99
- A.20 Sequences - count up and down by 1, 2, 3, 4, 5
- D.7 Addition sentences to 18 using number lines
- D.8 Addition facts - sums to 18
